

BISON AND ELK

Bison is a very lean red meat. The flavour is unique, more resembling beef than any other red meat. Because there is little fat in it, there is very little shrinkage when cooked which should be done at a lower temperature to beef.

At Bush Farm we have a variety of cuts for sale — steak, joints, diced, mince, burgers and sausages. Home produced Venison from Elk is available as well.

GENERAL INFORMATION

The Bison Centre and Farm is open from 10am - 5pm on Wednesday, Thursday, Friday, Saturday & Sunday. From April to the end of September and on Bank Holidays. Closed for Wilderness Camp 16 - 19 August.

www.wildernessgathering.com

In winter months the Shop & Gallery are open on Thursday and Friday only.

No dogs please, bison & elk react badly.

Educational Tours and Group Visits etc. are welcome by arrangement. The hire of the Gallery for functions and group camping also by arrangement.

THE GALLERY

BUSH FARM is tucked away in the woods at the southern end of the little village of West Knoyle, 1½ miles from the A303. The car park is sheltered amongst the trees and visitors go through the gallery to collect a map for the farm walk.

THE GALLERY & SHOP has a large collection of Native American artefacts, wildlife pictures together with interesting and unusual gifts. Also Bison and Elk meat for sale.

THE DISPLAY & MUSEUM ROOM shows a history of the bison Native American Lakota people. Each summer in the second weekend of July a **POW WOW** is held. Everyone is welcome. Tipis are pitched and the drum calls out for the dancers to take part with bison as the backdrop.

THE FARM

The farm walk is for about a mile as a circular tour round the fields where visitors can see herds of bison, (between 70-80), elk and red deer all doing their own thing out in the meadows. Closer to the farm yard are lakes and woods and here you will see poultry, owls, rare breed sheep and pigs, chipmunks, guanaco, prairies dogs, rheas and raccoons. Hidden in the bushes is a duck hide to watch wildlife on the bottom lake.

By the gallery there is a childrens play area and picnic lawn. Light meals and refreshments are available from the shop.

EVENTS – 2012

Native American Pow Wow	July	7 th & 8 th
Wilderness Skills Gathering	August	17 th - 19 th

THE WOODLANDS

As well as seeing the animals, the farm walk takes the visitor through the tree gardens. There are some thirty acres of mature oak woods with mown paths, secret gardens and wide grassy clearings for you to wander or just sit in, enjoy glimpses of wildlife and shed the cobwebs of stress.
